Subject: Request for Extension

The EPA is in receipt of the General Dynamics request for an extension to respond to the 104(e) Information Request which was originally due 14 days from receipt by General Dynamics, approximately May 14, 2013. Because of the high priority of the Explo Site, the EPA feels that the extension should not go beyond June 7 which is the date you requested. In an effort to continue the progress on this Site we are asking General Dynamics to provide weekly submissions of information rather than wait and provide all the information from the 104(e) Information Request on June 7, 2013. If you have further questions please feel free to call either myself, or George Malone, Regional Counsel, at 214-665-8030.

Cynthia Brown
Removal Enforcement Coordinator
